EDUCATION AND AWARENESS SERVICES

Train. Certify. Succeed.

OVERVIEW

Optiv offers IT security and infrastructure training services that address the technical and human elements of your organization to ensure you're operating in a secure environment. Our range of course topics help you meet compliance, maximize data security, manage vendor technologies and incorporate industry best practices. With instructor-led and eLearning delivery options, it is easy and cost effective to learn anytime, anywhere..

Instructor-Led Certification Courses

These courses focus on delivering practical, hands-on training for leading IT security and infrastructure technologies. Our instructors are technical trainers with real-world experience and can tailor courses to meet your organization's specific needs.

Course Formats

OPTION 01

CLASSROOM
Classroom Training at one of Optiv's purpose built Authorized Training Centers.

OPTION 02

REMOTE LIVE
Remote Live Classes offer the same classroom experience via webcast from the comfort of your home or office.

OPTION 03

ON-SITE
On-site Custom Classes at your facility are tailored to meet your organization's specific educational goals without the burden of travel.

Optiv's Education and Awareness Services

I don't think we've ever had a more knowledgeable instructor. Instructors that know their craft in and out can relate to us, making everything relevant to our job.

Stephen – Custom Course

I find that most people need hands-on learning to actually retain the information they went over. Also, I was able to find new ways of using commands, and I learned to fix my mistakes in the lab!

Adam – Custom Course
